Experience

Hubris Communications; Wichita, KS 2007-2010

While working at Hubris, I worked with clients to design additions to existing sites, designed pages for sites that previously did not exist, and updated the content of client pages.

Freelance Web Design; Wichita, KS 2010-2011

After leaving Hubris I began doing some freelance work. I would meet with potential clients, designed, developed, and maintained pages for clients that hired me, and manage billing and support for those clients.

Education

In 2010 I received my high school diploma from Metro Meridian Alternative High School in Wichita, Kansas.
